# The 2015-2016 Heights Yearbook is dedicated to:

## Conway Campbell Dean of Student Life

Conway, nearly 10 years ago I joined the Residential Life team as Administrative Secretary. At that time you were the Associate Dean of Campus Life/Director of Residential Life. You are a constant encouragement and support. Your door has been open to me and the many, many students you have helped over the years. I've seen you take undergraduates under your wing; meet with them regularly and guide them through to graduation. Many have returned to campus to see you. I wish God's best for you and your family.

Gail Schuyler

"Always be joyful. Never stop praying. Be thankful in circumstances, for this is God's will for you who belong to Christ Jesus." 1Thess 5: 16-18"

You are a friend and brother to all of us in the student affairs. And, over the years you have served as a mentor to countless students. We are richly blessed by your servant heart and passion for your calling.

With deep affection and gratitude,  
Dr. Catherine WoodBrooks

I am blessed to have met Conway when I was an undergraduate at another institution. At first glance I knew he would someone I grew to respect and admire. I used to babysit Maia and Conway Jr. so I had daily contact with his beautiful family. He is a man of faith who displays devotion for the Lord, his family, his work, and all he encounters. In all of my years knowing and working with him I have always admired his wisdom, kind spirit, and humor. Conway has always served as a sounding board for ideas, a nurturer and protector of those around him, and all the while maintaining hilarity in his presence and presentation. He thinks he's funny, and he is, except when others do not realize he is joking. He has such great poise and delivery with his humor and I have truly come to appreciate his lightheartedness in keeping our Student Affairs division positive and smiling.

Bea Patino

Congratulations on this well-deserved dedication. Thank you for your constant care, dedication, and overall investment to Assumption, and for everything you have done to make this special place the way it is. My Assumption journey would not be what it was if it was not for you. You are the true meaning of a humble servant, and as students, we cannot thank you enough for always extending your arms and offer a sense of humor during our academic, co-curricular and spiritual journey. I will never forget our many laughs and conversations - from the many spirit fund requests, to planning the Pup Cup fireworks extravaganza, to the (sometimes dreaded) meal plan conversations. You've been a highlight to my Assumption story, and I look forward to sharing many, many more memories in the near future. Thank you for being such an impactful role model and influence on my life. I will be forever grateful of our friendship and your guidance.

Congrats, C!  
Pat Giroux

Thank you for all the amazing things that you have done for the Assumption community. During your time in Residential Life, you were able to truly transform the office and change processes that have become more student centered. As the Dean of Campus Life, you continue to put students first. You always have their best interest in mind, and you seek to have a campus community that involves all of its members in decision making. It has been a pleasure to work with you, and you are terrific colleague and friend.

# A LETTER FROM THE CLASS PRESIDENT

Dear Class of 2016,

Do you remember what you were doing on August 25, 2012? I do. On that blistering, hot summer day we were all arriving at 500 Salisbury Street in cars piled high with dorm room essentials and our dreams and fears regarding the future. Four years later and a lot has changed. While here at Assumption, we not only acquired an education we can be proud of, but we grew and changed in ways we never realized was possible. Unfortunately, our time at Assumption will come to end on May 7, 2016. On this day we will drive off this campus one last time, in a car overcrowded with not only new hopes, dreams and fears but also memories and friendships that will last a lifetime.

As we prepare to leave Assumption, it is possible that we will become aware of how lonely our future may look. The past four years have been one of the few times in our lives when our best friends are only a door away. Fortunately for us, we have experienced a wide array of bizarre yet unforgettable things while here on Salisbury Street. For example, who could forget when the sprinkler system went off in Salisbury during Siblings Weekend in 2013 or the Worcester Ice Age of 2015? In the fall of 2015 we all cheered on our football team as we watched them become NE-10 champs. Since our freshman year we have attended numerous on-campus events such as Midnight Madness, Thanksgiving Dinner in Taylor, Midnight Breakfast, Duck Day and the infamous Pup Cup. As underclassmen, we sometimes spent our weekends in Chucks, specifically hoping to win big during BINGO. As we got older our weekends varied. We either spent time in the Valley, at a Worcester bar with friends or made a date with Netflix because we were so tired from "adulting" all week long. We may have only spent 600 days here in Worcester but we created more than 600 fond memories that we can carry in our hearts forever.

Lastly, although the real world may look daunting, I am confident that you will always carry your Assumption values with you while you navigate your way through life. When faced with rejection, make sure to have the strength to follow your dreams. When faced with a moral decision, be reminded of the ethically grounded education you received while here. If you encounter someone less fortunate than you, be kind. You graduated from a school that firmly believes in helping others. Finally, the real world may not be as kind and beautiful as this campus has been for us. People may not always hold a door open for you or offer to pay for your coffee at Dunk's when you realize you left your wallet in your room. Do not let these people jade your kind, beautiful hearts. Instead, make it your goal in life as an Assumption graduate to make the world a better place. Even the smallest gesture or smile can infuse the world with more beauty. Although our time here has come to a close, I hope that you will never forget where you came from. Congratulations on a successful four years and best of luck with your future endeavors. I have faith that you will never forget to light the way.

# LETTER FROM THE HEIGHTS YEARBOOK STAFF

Assumption College Class of 2016:

Today you have reached a major milestone and after your time at Assumption you are ready to embrace a new chapter in your lives. Graduation has finally arrived and we all congratulate you on your success!

We hope that your time at Assumption has allowed you to grow and develop the skills you need to prepare for the future. All of the late night study sessions and papers have been worth it! This can be a contradictory time for many of us, both celebratory and nostalgic. While, some may be ready to conquer the "real world", others may be left feeling sad about what they are leaving behind. We encourage you all to think about all of the good memories you have made. Such as those spontaneous 12 AM trips to whatever restaurant is open or those beautiful spring days when it seems that just about everyone is hanging out on the Worcester Hill. Look back at all these good times and cherish them, but also think about how many more you will make once this chapter closes!

The road ahead will be challenging for all of you in different ways. Some will be going off for even more school, while others will be putting their brand new degrees to the test. Some might even find themselves on paths they would never expect. Whatever lies ahead, we believe that you all have what it takes to make it. As the ever-inspiring Rocky Balboa tells us: "It ain't about how hard you hit. It's about how hard you can get hit and keep moving forward." Take this message to heart as you all leave your Assumption days behind you and remember that once a hound, always a hound! We wish you the best of luck in all you choose to do.

Congratulations, Class of 2016!

# A LETTER FROM THE PRESIDENT

Dear Graduates:

Most of you arrived on the campus of Assumption College four years ago uncertain about what lie ahead of you. I am sure that you went from moments of anxiety to moments of excitement as you began this chapter in your life. Now, four years later as you come to the end of your college education, you may be experiencing the same moments of excitement and anxiety as you look into the future yet to unfold with all of its opportunities and challenges. Yet, you face that future as a very different person than when you first stepped foot on this campus. And while the uncertainties are surely there, you are prepared to meet the future because of the education you have been privileged to receive as a student at Assumption College.

In the course of the last four years you have been transformed into a new person. Through your courses in the liberal arts and in your major, you have been introduced to new ideas and new ways of looking at the world. The faculty have passed on to you the basic knowledge found in each discipline you have studied, along with a sense of the inter-relation among all branches of learning. You have come to a deeper appreciation of the dialogue between faith and reason in the quest for truth. Through the education of your mind, you have come, hopefully, to an awareness that learning is a sacred process because in the act of acquiring knowledge God reveals Himself.

However, your education has gone beyond intellectual formation. It has also sought the formation of your heart and soul. Through the education of the heart you have come to possess a compassionate commitment to the service of others, realizing that you have the responsibility to take the knowledge that you have acquired and apply it for the betterment of the world into which we now send you. Through the education of the soul you have come to appreciate that the spiritual and religious side of the human person is an essential part of each individual. Hopefully God has touched your soul during your four years here and you have come to understand that the words of the College's motto, "...until Christ be formed in you" are not empty words, but the inspiring vision of your education, and indeed your life.

In describing the purpose of education Fr. Emmanuel, d'Alzon, founder of the Augustinians of the Assumption, stated that the Assumptionists "consider education to be a call to life. In forming their intelligence, their heart, and their entire personality, Assumptionists hope that all students develop to their greatest potential, that they find their place in society, be active in it, and contribute their share in making it more human, just and fraternal." It is my hope that in the course of these last four years you have discovered your potential and that you are now ready to positively impact the world in which you will live out your personal and professional life. Congratulations on your accomplishments and my sincerest best wishes for a successful future. God bless you.
